The other building principal or the Superintendent will conduct a written evaluation of certified personnel upon the request of the building principal or as deemed necessary. When the documented report is completed by the appraiser, an evaluation conference to clarify and finalize the appraisal will be scheduled within five working days. Each teacher will receive a copy of the written evaluation report previous to the conference(s) and may retain the copy if they so desire.
2. The certified staff member will sign the evaluation report at the conclusion of the evaluation conference which will acknowledge that the report has been received and that the contents of the report are clearly understood. The teacher's signature on the report does not represent either acceptance or non-acceptance of the appraiser's evaluation. It indicates only that the teacher has reviewed the Teacher Evaluation Report in conference with the appraiser. At any time, not later than two weeks, following the date of the evaluation conference, the employee may respond in writing to the appraisal report.
3. A copy of the completed evaluation document(s) will be placed in the employees' personnel files where they will remain for at least three years. Evaluation documents will only be available to those parties authorized in KSA 72-9005.
4. Evaluation of certified employees will be as outlined in KSA 900 1-9006.
5. The building principals will have a four year schedule of evaluation for each of the teachers assigned to his/her building. Within two weeks of the beginning of each school year, the building principal will review with all teachers under his/her supervision the evaluation procedure. All teachers will receive notification of who is scheduled to be evaluated by September 15. It is

understood that need may supersede the schedule.

Section B

Plan of Assistance

When a professional employee's performance is evaluated and potential areas of concerns identified, it shall be the responsibility of the building principal to inform the employee in writing of the specific area or areas of concern. Written or recorded substantiation for the Plan of Assistance will be given to the employee. The plan will reflect previously documented and discussed problem areas. Such a plan shall be put into effect after the following guidelines have been met:

1. Non-tenured professional employees- one formal evaluation.
2. Tenured professional employees- three formal evaluations. The time span between the first formal evaluation and the third shall be no longer than 12 months.

Notification and Initiation of the Plan of Assistance

1. Within five (5) school days of the formal evaluation, a jointly determined time, place, and date for a Plan of Assistance conference will be established. The date will not be more than ten (10) school days after the formal evaluation.

3. The professional employee will be given the opportunity to enter into the discussion and offer input.
4. The professional employee will be given up to five (5) working days to review the Plan. If the professional employee chooses, a meeting will be scheduled with the principal to ask questions, or make suggested additions or deletions.

2. Expectations for the teacher will be clearly stated and measurable.

Evaluation of the Plan

1. Criteria for the success of the Plan of Assistance will be clearly set forth for the benefit of the professional employee and the principal.
2. The Plan activities and timelines for the length of the Plan will be determined by the principal with input from the professional employee.
3. Before the conclusion of the Plan, the professional employee will receive two or more written, formal evaluations of progress in meeting the provisions of the Plan.

4. Lack of satisfactory improvement as stipulated by the Plan of Assistance is grounds for non-renewal.

Section C Professional Appearance

Professional teaching attire is essential for all certified employees. (5/02)

ARTICLE 21 Reduction in Certified Work Force

In the event it becomes necessary to reduce the number of certified personnel due to: program elimination or reduction, insufficient enrollment, decrease in revenue, reorganization of the district, consolidation or modification of programs, or any other reason which may require reduction of personnel, it shall be accomplished in a fair and orderly manner as provided in this policy.

Section A Definitions (See Article 1)

Section B Factors for Consideration

Whenever possible, normal attrition of staff; i.e., resignations, retirement, leaves of absence, will be the first means of achieving a reduction in professional staff. Whenever the Superintendent determines that a necessary reduction of certified staff will not be accomplished through normal attrition of staff, all professional employees of the District will be advised of the reasons for the reduction of certified staff and will be informed of the procedures and considerations to be used in determining which employees will have their contracts non-renewed.

In making those determinations, the Superintendent shall give consideration to the following factors (not listed in priority order): academic degrees and training, assessment of performance by the principals, years of teaching experience, continuous years of service in Unified School District No. 507, applicable federal and state laws, qualification for academic areas or disciplines to be preserved in relation to available staff to fill such positions, professional needs in the extra-curricular program, the recommendations of building principals and administrative staff and status of employment (probationary vs. non-probationary).

After determining which area or areas require a reduction of professional staff, the Superintendent will then consider professional employees for non-renewal in the following sequence:

1. Temporary certified employees.
2. Probationary part-time certified employees.
3. Permanent status part-time certified employees.
4. Probationary full-time certified employees.
5. Permanent status full-time certified employees.

Any permanent status part-time certified employee who is being considered for non-renewal, under the Reduction in Force Procedures, may be considered for full-time employment with the District. If such permanent status part-time certified employee accepts the offer to be considered for full-time employment, then he or she will be placed in the category of permanent status full-time certified employee.

At the time recommendations are made to the Board for the non-renewal of contracts of designated professional employees, the Superintendent will present data to the Board

in support of his/her recommendations.

Section C Procedures of Notification

Personnel subject to reduction of staff shall be provided written notification of termination as provided by Kansas State Statute regarding Due Process Procedures and the Continuing Contract Law (KSA 72-543 6 et. seq./SB 362). In the event of non-renewal, the Board of Education will make an effort to help the terminated professional employee(s) be placed in another school system.

Section D Recall Procedures

Any professional employees who have been terminated due to necessary reduction in certified staff shall be given first consideration when there is an opening in the District for which they are certified. No professional employee will lose re-employment rights by securing other employment during the lay-off. Teachers who are non-renewed shall be offered recall in reverse order of lay-off; i.e., last off will be first back, to vacant position which they are certified to fill.

Teachers who are non-renewed under Reduction in Force shall be eligible for recall for a period of two (2) years after non-renewal. It is the obligation of the teacher who has been non-renewed to notify the District office of his/her desire to be considered for recall, and then to keep the District notified of his/her current address and phone number. Recall will be initiated upon the existence of a vacancy in the district. Teachers recalled shall have ten (10) calendar days from notification of the recall to accept or reject the position. Such notification must be made directly to the teacher involved either by telephone or by certified mail. If no reply is given within the ten (10) day period, the teacher shall have waived any right of recall to the position and the Board may proceed to fill the position.

Any individual who is reinstated as a professional employee of the District will be placed on the salary schedule without loss of years of experience and/or steps. If additional teaching experience with another district has been accrued, those years will be accepted as additional years on the salary schedule. The reinstated professional employee will also regain accumulated unused sick leave days and seniority that he/she had at the time of being non-renewed by the reduction in certified staff work force.
