

USD 507 (Satanta School) Achieve Standard of Excellence

Although the goal of schools on a yearly basis is AYP, there is an academic performance called “*Standard of Excellence*” that is awarded in math and reading at the grade and building levels. To receive a “Standard of Excellence” award at the grade or building level that building must make AYP exclusive of subgroups, have a QPA status of “Accredited”, and meet a certain percentage of performance levels in several categories. USD 507 Board of Education and Administration is proud to announce that the hard work of faculty and students has awarded the following areas - “Standard of Excellence”:

Building-Wide Standard of Excellence in Math – Satanta Elementary

- Standard of Excellence in Math – 3rd grade, 5th grade, 6th grade

Building-Wide Standard of Excellence in Reading – Satanta Elementary

- Standard of Excellence in Reading – 3rd grade, 6th grade

Building-Wide Standard of Excellence in Reading – Satanta Jr-Sr High School

- Standard of Excellence in Reading – 8th grade, 11th grade
